

External Exterior Blowers

BEST® Exterior blowers provide exceptional performance and minimal sound levels by moving the blower to an exterior wall or the roof. Exterior blowers will handle the rigorous needs of professional-style cook tops and ranges. Durable, sealed blower housings are crafted from weather-resistant aluminum and can be painted to match the roof or wall color scheme. The table below will help you select an exterior blower matched to the heat output of your range hood. See page 67 for more information on selecting the right blower for your range or cooking style.

Performance is a beautiful thing.

It can be subtle or bold. It can take months or years to hone.
Then impress you in an instant.

A great performance gives the audience exactly what they want and more than they ever imagined. And it inspires everyone and everything around it to be better.

At **BEST**, we make high performance range hoods that perform beautifully. Astonishingly quiet. Impressively effective. Remarkably efficient. And perfectly suited for the most distinguished kitchens.

Whether it's the centerpiece of the room or letting its surroundings shine, **BEST** is where high-end performance inspires.
