Key Features & Benefits

Smooth Wave Stainless Steel Wash Basket

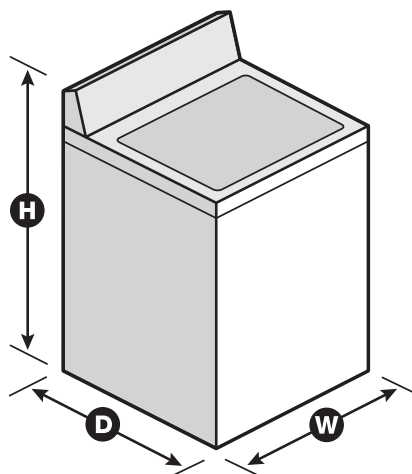

The Smooth Wave stainless steel wash basket gently guides clothes and helps protect fabrics from fraying and snags.

Quick Wash Cycle

Our Quick Wash cycle can wash small loads in as little as 28 minutes. It uses increased spin speeds to remove more water so clothes can spend less time in the dryer, so you have more time to do what you love.

Automatic Water Levels

Automatic water levels regulate the amount of water based on the size of the load. Only the amount needed to clean is used, increasing efficiency.
